**CLEANING
PRODUCTS**

YOUR LOBBY. YOUR CONFERENCE ROOMS. YOUR RESTROOMS.

THREE DIFFERENT ROOMS.

THREE DIFFERENT FUNCTIONS.

ONE CHANCE TO MAKE A POSITIVE IMPRESSION.

From the moment customers step foot on your parking lot until they sign out on the visitors log, they are exposed to the environment that you control.

From the moment employees pour their first cup of coffee until they reach for their keys to go home, they are exposed to the environment that you control.

Regency Professional Brand products are designed to provide consistent quality – to help you achieve and maintain that positive impression.

Sometimes you *should* judge a book by its cover

FLOOR CARE, CARPET CARE, AND GENERAL PURPOSE CLEANERS

Looks are important when maintaining surfaces, such as floors, windows, and desktops. If carpet is stained and soiled, it appears dirty. If countertops are smudged and faded, they appear unsanitary.

Neither impression is positive.

When floors are well-maintained the impression changes and the impact is positive. A shiny floor appears new. Clear windows are clean windows. And sparkling tables... are suitable for dining.

A new, clean environment is exactly the impression you want customers and employees to have when visiting your facility. Regency Professional Brand has the right products for that critical first impression.

No compromising

ODOR COUNTERACTANTS, RESTROOM CARE, AND DISINFECTANTS

Some things simply cannot be compromised. The cleanliness of restrooms, break rooms, and other personal spaces, leaves no room for shortcuts or a sacrifice in quality.

Regency Professional Brand offers a comprehensive product line up for disinfecting and maintaining the visual and fragrant pleasantries of such environments.

Don't stain your reputation

WAREWASH & LAUNDRY AND DEGREASERS

Total facility maintenance does not stop at the surface. Certain spills penetrate the surface of floors, tables, and clothing – and can stain your reputation for a clean, safe environment.

At home, consumers go to great lengths to ensure their clothing is vibrant, glassware does not have spots, and work surfaces do not have greasy residues. Away from home, consumers expect the same quality and care of such products and surfaces.

Regency Professional Brand helps the away-from-home environment feel and look a little more like home.
